Re: Eureka Mine Waste Project
Quarry Permit Applications and Transfers

Dear Ms. Burns,

Enclosed are the small mining permit application for the Homansville Processing area and the transfer applications for the Lime Peak quarry as we have been discussing over the past several weeks. Also enclosed are the CD's and Reclamation Contracts for each set of applications. I have included two originals of the last page of the CD letter, just in case you need several originals.

I am aware that the transfers will not be processed until the small mining permit for the Homansville area is approved, but I thought I would get these submitted now so they can be processed as soon as possible.

Please let me know if there is anything else you need regarding these applications. Thank you for your help in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "T. P. Mathison", written over a horizontal line.

Thomas P. Mathison
